UNBLOCK THE GROWTH OF HAIR FOLLICLES
TO BUILD THICKER, HEALTHIER HAIR

Causes of hairloss:

- Excess collagen rigidifies at the sheath which slows down the development of follicle. The root is squashed and less well implanted in the scalp
- Root is deprived of the nutrients and lacks vigour

L'Oréal Professionnel **Hairloss Série Expert Treatment** treats hairloss problems by preventing hardening of these excess collagen, stimulating hair roots, and densifying thinning hair.

TECHNOLOGY INNOVATION

AMINEXIL® ADVANCED

Exclusive, patented molecule from L'Oréal Research & Development. To fight against the hardening of collagen and allow the hair to take root in the scalp.

OMEGA-6 NUTRI
COMPLEX

Acts at the root to stimulate its activity and encourage the construction of the hair fibre at the root.

MEDECARE REGIME

STEP 1: Cleanse and Stimulate Hair Roots with **Density Advanced Shampoo**

STEP 2: Unblock the Growth of Hair Follicles with **Aminexil® Advanced Treatment**

FREE
